

How green am I?

What energy sources do I use?

- cooking:gas

- travelling:car,bus,ferry...

- air conditioning:in summer,car...

- impact on the enviroment:worse than 5 years ago

Every day life

I reuse:plastic bags,cans...

I recycle:plastic,paper,cardboard...

I upcycle:old flower pots,car wheels...

I save: trees, water....

-impact on the enviroment: got worse
in less than 10 years

How green is my local community?

-neighbourhood: mostly (over 75%)
environmentally friendly

-school:super eco-friendly(85% and more)

-city: not so eco-friendly but still good (somewhere between
55%-66%)

CHANGES

-What can I change?

-wooden toothbrush

-use paper bags or cotton

-use your car less

-walk to school

-What environmental problems could I change?

-reduce plastic,...

THANK YOU FOR YOUR ATTENTION
